

Activity: Virtual Theremin

The pointer position is denoted by two numbers – x , y

x tells the horizontal location

y tells the vertical location

Find the maximum and minimum values of x and y by moving the cursor over corner points.

Split X values into ranges	Pick a sound for each range	What do we do in each range?
$x_{min}$ _____		If X is between _____ and _____ , Play _____
<b>X</b> _____		
<b>X</b> _____		If X is between _____ and _____ , Play _____
$x_{max}$ _____		If X is between _____ and _____ , Play _____
